: Beginning July 2009 the USU Sponsored Programs Office migrated from the CAMS database to the new PARC database. This transition affects the reporting of proposals by removing, from the monthly reports, "Continuation" proposals containing funds that have been included in the "Original" proposal of a project. This change will eliminate duplicate reporting of proposed funding in subsequent years of that project. All funding requests not included in the "Original" proposal of a project will be classified as "Supplemental" proposals and will be included in the monthly reports.
